For immediate release

Another World 20th Anniversary on Android: Release date announcement

Paris, France – February 29th 2012 – DotEmu, developer and publisher specialized in bringing retro games back to life, announces the release date of the famous action/adventure game **Another World 20th Anniversary** on **Android devices**.

After a huge success since its first release in 1991, Another World has made a successful comeback last year on iOS! Eric Chahi and DotEmu are joining forces again to allow all players to take in their hands the destiny of Lester Chaykin in this fantastic adventure on Android. Another World, a masterpiece of gaming history will be available **on March 16th**!

In this version, you will find the following features:

- The ability to switch between Original/HD graphics by using 2 fingers at any time
- New intuitive touch-based controls or classic D-pad.
- 3 difficulty modes: Normal, Hard and Hardcore.
- 100% remastered sounds and effects.
- OpenFeint support with more than 10 achievements
- Compatible with Zeemote joystick, connected via Bluetooth.
- Game available in 5 languages (English, French, Italian, German, Spanish).

About DotEmu:

DotEmu, a publisher/developer has the mission to bridge the gap between the best of the old video games on today and tomorrow devices: Flash, iPhone and PC. In May 2010, DotEmu opens its own gaming digital distribution shop and distributes today over downloadable 200 titles. DotEmu has worked on several projects including Street Fighter II – Champion Edition on Adobe Flash, R-Type, X-MEN and Another World on iPhone, and Boulder Dash on various platforms. Created in early 2007, DotEmu provides service, technologies and products to customers in Europe, USA, and Japan.
