

New Magic Quadrant report for Intelligent Business Process Management Suites **Bosch Software Innovations recognized as ‘Visionary’**

October 11, 2012

- ▶ Bosch Software Innovations acknowledged for its ability to execute and completeness of vision

Chicago/Orlando – Bosch Software Innovations announced today that it is positioned as ‘Visionary’ in the Gartner Magic Quadrant (MQ) for Intelligent Business Process Management Suites (iBPMS). Gartner is the world leading technology research and advisory company.

Bosch Software Innovations brings together products for Business Process Management (the inubit Suite), and Business Rules Management (Visual Rules). Together with the strength of the Bosch Group these products form the basis of applications in the Internet of Things and Services as well as the development of business models based on those applications. Bosch Group is a leading global supplier of automotive and industrial technology, consumer goods, and building technology with more than 300,000 associates and 51.5 billion Euros in sales.

Dr. Heinz Derenbach, president of Bosch Software Innovations, states: “We are very honored to be positioned as ‘Visionary’ in this iBPMS MQ. We believe this confirms our vision of where the market is going and our strategy to drive these changes.”

At Gartner ITxpo in Orlando (Oct 21-25) and Barcelona (Nov 5-8) visitors will learn more about Bosch Software Innovations’ positioning in the MQ and its solutions.

Gartner released their new Magic Quadrant on Intelligent Business Process Management Suites in September. Lead analysts of this new MQ were Jim Sinur, Janelle Hill, Roy Schulte and Teresa Jones. The basis of the evaluation is a comprehensive analysis of the software. In addition, customers are asked to rate vendors' products and services.
